

Tiger Fans,

Spring is always an exciting time on our campus. As the days get longer we are excited to spend more time together at events like tennis, baseball, soccer, and track. Exciting facility upgrades such as those occurring at our baseball facility ensure our time together is more comfortable and that our student athletes remain competitive.

We understand that with ongoing construction, there may be some inconveniences, particularly regarding parking arrangements. Your regular parking spot may be unavailable due to construction.

To ensure smooth access to our events, we kindly ask for your cooperation in adhering to designated parking spaces. In recent events, we have encountered challenges with entry and exit due to vehicles parked outside of designated areas, causing disruptions for everyone attending. Please refer to the map below for updated parking instructions.

Additionally, the typical entrance to soccer games has been relocated to across from our wrestling building.

Thank you for your continued support and understanding as we work to enhance our facilities for the benefit of our entire community.

Go Tigers!
